

10inch Four Wire Video Door Phone And 8-Screen DVR Monitoring System

Feature & Functions

New mould, new appearance design.
10 inch TFT LCD with capacitive touch screen, display resolution 1024x600.
4 wire system, audio and video transmission distance up to 100 meters.
One system supports Max 2 outdoors + 6 CCTV Cameras + 4 indoor monitors.
Outdoor and CCTV Camera: CMOS AHD 1080P, and compatible with 720P/CVBS.
Interior intercom function between indoor monitors.
Support WiFi or LAN connect to internet, support Tuya APP.
No disturbing, Mute and Missed call reminder with light indication.
Support Monitoring/Video intercom/Unlocking/Calling function.
Support photography and video recording and store with date and time.
Support motion detection.
Support Multi-languages.
Support TF card storage, Max 256GB.
Support Electric lock.
Support 10 polyphonic ringtones.
Support 15V power adapter(Optional).
Support standard power of 100~240V AC voltage(Optional)

Technical Specifications

Monitor:	10 inch TFT LCD, Touch Screen
Resolution:	1024(H)*3(RGB)*600(V)
Material:	Plastic
Network:	WIFI/RJ45 port
Internet Cable:	Cat5/Cat6
Channel:	2 Outdoors + 6 CCTV Cameras
Video Input:	CVBS/AHD Camera
Conversation Duration:	120S
Memory:	Support max. 256GB TF Card
Interior Intercom:	Up to 4 monitors
Power Consumption:	12W
Power Supply:	1. 15V/1.5A 2. Built in AC power board, Input 100~240VAC
Working Temp:	-15°C~55°C
Installation:	Surface Mounted
Product Size(W/H/D):	314*161.5*24mm

Outdoor

Camera Sensor:	1/2.9 CMOS AHD 1080P
View Angle:	65°
Material:	Aluminum alloy or Plastic (Optional)
Night Vision:	1PCS IR LED Light
Power Supply:	Supply from indoor monitor
Working Temp:	-15°C~55°C
Installation:	Surface Mounted
Product Size(W/H/D):	Aluminum alloy: 48*134*22mm; Plastic:78*145*26mm

CCTV Camera

Camera Sensor:	1/2.9 CMOS AHD 1080P
View Angle:	90°
Material:	Aluminum alloy
Water Proof:	IP65
Power Supply:	12V/1A
Working Temp:	
Product Size(W/H/D):	70*165*65mm
